1 Login

Enter Credential :

To enter the application, the user must input their username and password. The application will determine the appropriate dashboard based on the user's role. A "Submit" button is provided for proceeding.

The login interface for LankaBangla Finance is displayed within a green rounded rectangle. At the top center is the LankaBangla Finance logo, featuring a stylized orange and yellow arc above the text "LankaBangla" in green and "FINANCE" in black. Below the logo, the text "Dashboard: Sales Monitoring System" is shown in black. The login form itself is a light pink rounded rectangle containing two input fields: "Enter user name/pin" with a user icon and "Enter Password" with a lock icon. Below these fields are two links: "Forget Password ?" and "User Manual" (with "App User Manual" below it). A green "Sign In" button is positioned to the right of the links.

Figure 1: Login interface

1.1 Forget Password

In the event of a password reset, the user is required to input the email address associated with their account. Subsequently, a login token will be dispatched to the provided email address.

Dashboard: Sales Monitoring System

Entering the token

When initiating a password reset, a token will be dispatched to the user's email address. Upon receipt of this token, the user is required to enter it into the designated field labeled "Entering the token". Once the token is successfully entered, the system will prompt the user to proceed with the password reset process by displaying the password reset window.

The screenshot shows a mobile application interface for LankaBangla Finance. At the top, the logo features a stylized orange and grey arc above the text "LankaBangla" in green, with "FINANCE" in black below it. Underneath the logo, the text "COLLECTION, RECOVERY & CASE MANAGEMENT SYSTEM" is displayed in bold black capital letters. A prominent green rectangular box contains the white text "Verification Code sent. Please check your email." Below this box is a white input field with the placeholder text "Enter Verification Code" and a small grey user icon on the right. At the bottom left, there is a blue "Back" link, and at the bottom right, there is a blue "Verify" button.

1.2 User Manual

User pdf version of user manual will be downloaded.

1.3 App User Manual

User manual of the mobile app.

2 Super Admin

The screenshot shows the 'Super Admin Dashboard' interface. The header is green with the 'LankaBangla' logo on the left and user information 'Bishwanath Chandra' and '1090300225' on the right. A navigation menu on the left includes 'Home', 'Administrative Tool', and 'Control Panel'. The main content area is white and contains four sections, each with a 'Username' input field and a 'Details' button: 'Ro Details', 'RM Details', 'CM Details', and 'HoD Details'.

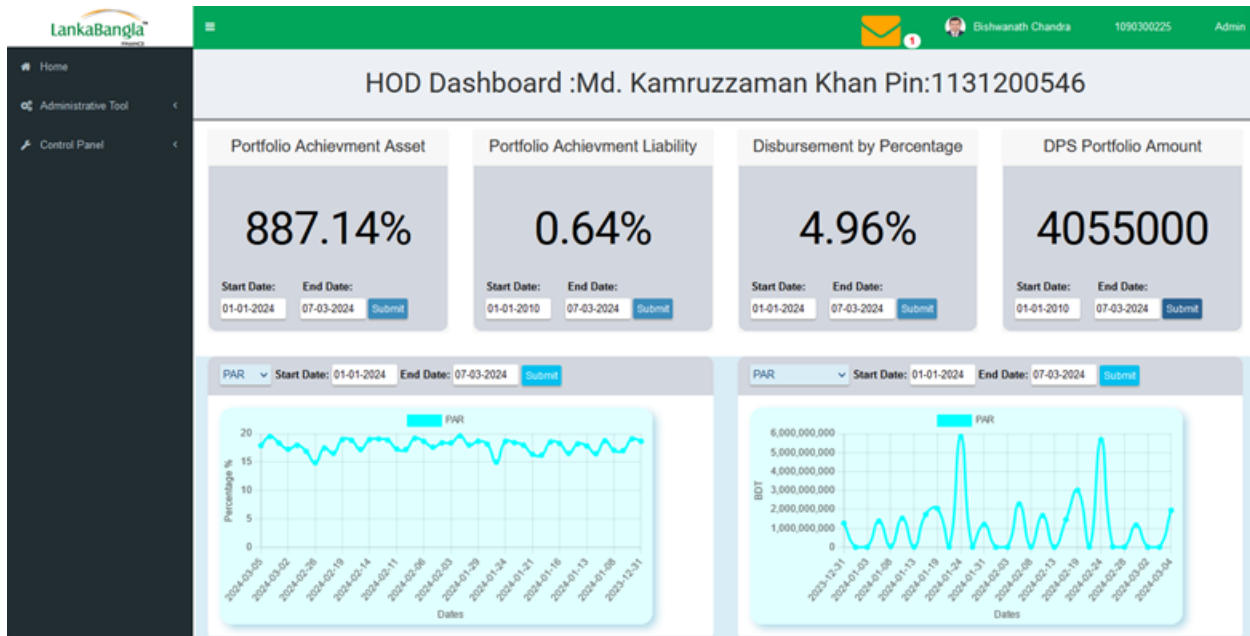

In the Super Admin dashboard, the administrator possesses the capability to access the dashboard of any user within the system. To initiate this process, the Super Admin is prompted to input the username corresponding to the desired user type into the provided field. Upon submission, the system redirects the Super Admin to a new tab containing the dashboard associated with the specified user ID.

If User not found

The screenshot shows the 'Super Admin Dashboard' with an error message. The 'Ro Details' section has the 'Username' field filled with '00000'. A modal dialog box is displayed in the center with the text 'localhost:8082 User 00000 RO doesn't exist.' and an 'OK' button. The background is dimmed.

6.1 Calender

Details of the committed clients

Description : The Calendar feature within the software serves as a tool to manage commitments from clients regarding monetary contributions. Dates marked in red signify days where commitments have been made by clients to provide installment payment. Users can interact with these marked dates to view the list of commitments associated with each date. Additionally, users can access detailed information about each commitment through a pop-up window.

Accessing the Calendar: Users can access the Calendar feature from the main menu of the software application. Upon selecting the Calendar option, the calendar interface will be displayed, allowing users to view dates and associated commitments.

Viewing Marked Dates: Within the calendar interface, dates with client commitments are visually highlighted in red to distinguish them from other dates. Users can easily identify these dates by their color.

Viewing Commitments: To view commitments associated with a marked date, users can simply click or tap on the desired date. A pop-up window will appear displaying a list of commitments made by clients for that specific date. Each commitment entry will include relevant details such as client name and date.

6.3 Graph

Introduction The Data Visualization Tool is designed to provide users with a comprehensive view of various segments within a dataset. Through this tool, users can analyze data trends over specific periods, allowing for informed decision-making. The tool offers a graphical representation of the data, making it easier for users to interpret and draw insights.

Dropdown Menu: The tool provides a dropdown menu with the following options:

- Segment
- Over Due
- Disbursement
- Portfolio
- Collection
- Regular
- UC
- SMA

- NPL
- TDR
- DPS

Date Selection: Users can specify a start date and an end date to define the range for data analysis. By default, the start date is set to the beginning of the current year, providing year-to-date data analysis.

Graphical Representation: The tool generates graphical representations, such as graphs and charts, to visualize the selected data. This visual aid helps users to identify trends, patterns, and anomalies within the dataset.

7 Change Password

The screenshot shows a web dashboard with a green header. On the left is a hamburger menu icon. On the right of the header are a mail icon with a red '6' badge, a user profile for 'Sanjoy', the ID '1170801395', the role 'RO', and the date '25-Mar-2024'. The main content area contains a 'Change Password' form. The form has five input fields: 'Full Name *' with the value 'Sanjoy', 'Sur Name *' with the value 'Biswas', 'Old Password *' with the placeholder 'Password', 'New Password *' with the placeholder 'Password' and an eye icon for toggling visibility, and 'Confirm Password *' with the placeholder 'Confirm password'. A blue 'Submit' button is at the bottom right of the form.

Change Password

Change Password

Enter Old Password:

In the designated field, enter your current or old password. This serves as a security measure to verify your identity and ensure that only authorized users can change their passwords.

Enter New Password:

In the provided text field, enter your desired new password. Ensure that your new password meets any specified requirements regarding length, complexity, and special characters.

Confirm New Password:

To confirm the new password, re-enter it in the designated "Confirm Password" field. This step helps prevent typos and ensures that the new password matches the intended one.

Password Matching Verification:

As you type the new password and confirm it, the system automatically checks whether the two entries match. If they do not match, an error message should be displayed, indicating that the passwords do not match.

Activate Submit Button:

The "Submit" or "Save Changes" button will only be activated once the new password and confirm password fields match. This prevents users from submitting mismatched passwords accidentally.

Figure: Viewing all the uploaded Target

To utilize the functionality for uploading targets, users should adhere to the following instructions:

1. Begin by accessing the Control Panel. This can typically be found in the top-right corner of the application interface. Click on the Control Panel icon to proceed.
2. Once inside the Control Panel, navigate to the System Management section.
3. Within the System Management section, users will find various options related to system settings and configurations. Look for the option labeled "Targets". Click on it to access the target management interface.
4. Upon entering the target management interface, users will be presented with several options for managing targets. Look for the option to upload targets, which is typically denoted by an "Upload" button or similar interface element.
5. Click on the "Upload" button to initiate the process of uploading targets. This action will prompt users to select an Excel file containing the target data from their local device.
6. It's crucial to ensure that the Excel file adheres to specific formatting requirements. All data entries, particularly the RO (Relationship Officer) ID, must be formatted as strings. Failure to adhere to this requirement may result in errors during the upload process.
7. After successful the targets will be available in the table.
8. From the search box a particular user's can be searched.

By following these detailed steps, users can effectively upload target data to the system.

Figure: Viewing all the uploaded Target

When users click the "View" button from the table, they are presented with their current, i.e., last uploaded target, as well as the history of their previous targets. This feature allows users to track changes and monitor the evolution of their targets over time.

The displayed information typically includes details such as the date and time of each target upload, any relevant identifiers (such as version numbers or names), and the specific content of each target.
